

Application for Increased Construction Height

Company

Hall / Booth No.

Booth Construction Height

Applications for special construction permits exceeding a height of 2.50 meters must be submitted in writing and include a dimensioned sketch. This also applies to lighting fixtures, company signs, floor coverings, and decorative elements that exceed the standard stand dimensions. There is no entitlement to approval.

Requirements for obtaining approval:

- Submission by 17 July 2026 to BERNEXPO AG
- The back sides of the booth (all sides facing neighboring booth) must not contain any advertising, company logos or similar elements and must be covered in white (e.g., fire-resistant fabric)
- Compliance with the specified maximum construction height

Please return the fully completed form by 17 July 2026 to ornaris@bernexpo.ch.
